

StorageTek Qualified

REAL WORLD SOLUTIONS

Is your customer looking for:

World Record Transaction Processing Power

Maximum Bandwidth Performance

Interoperability – widely tested and approved

Robust Features – large data buffer, large info context cache, superior CPU offload

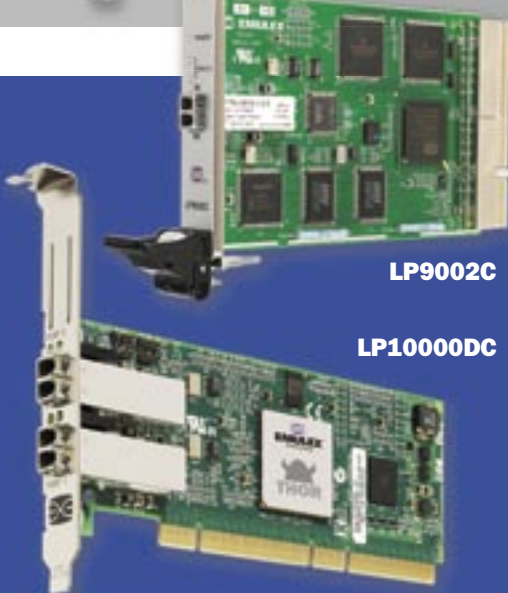

Ease of SAN Management – firmware-upgradeable, driver compatibility, high availability and upgrades make Emulex HBAs easy to deploy in end-to-end qualified enterprise solutions

Fibre Channel Host Bus Adapters

WHY EMULEX!

Leading supplier of Fibre Channel HBAs to EMC, IBM and HP

Endorsed by StorageTek's HBA Strategy Council as a preferred vendor

Driver independent firmware upgrades

- Protect hardware investment
- Avoid technical obsolescence
- Upgrade without reboot
- Minimize system downtime for maintenance

Driver compatibility across all HBA generations

StorageTek Interoperability Support Matrix qualified for all disk and tape environments (Windows, Linux and Solaris)

Largest on-board memory – Provides unsurpassed performance, flexibility and scalability in complex SANs

Highest availability among FC HBAs – Best reliability and availability (IDC)

Mid-range and High-end HBAs – for superior price-performance mix with unmatched features
